Still Doing Business At Same Old Place

And keeping up my old policy of giving

More Goods for Less Money

Bring me your frying chickens. I pay top of market for them.

Men's and Boys' Clothing

Anybody in need of clothing should give me a chance to suit them. Have a big line at prices to suit the buyer.

All kinds of dry goods as near as anybody can get them, at right prices.

Full line of shoes and slippers for men, women and children.

Yours for trade,

J. W. HENDRICKS

LOCAL AND PERSONAL

Sixty-five young men and women stood the teachers' examination at the court house last Friday.

Supt. F. V. Clayton is in Columbia for several days in the interest of the schools of Pickens county.

Mrs. M. C. Smith and children have returned from a visit to her father, R. W. Pickens, in Anderson county.

Mrs. Ross Moon has returned from Winston-Salem, N. C., where she visited her brother, Beamon Jones, and family.

We have some more interesting letters from soldiers (one of them in France) which we expect to publish next week.

F. H. Hopkins had a mess of Irish potatoes out of his garden May 2, which are the earliest we have heard of around here.

T. R. Allen, of Pickens, has received a message stating that his son Roy, who is in the army, has arrived safely "over there."

The city of Pickens has taken up the last of the Pickens R. R. bonds and for the first time in twenty years has no bonded indebtedness.

Dr. J. L. Bolt of Easley has offered his services to the government and will leave this week to enter the medical corps at Camp Jackson.

J. Theodore Smith of Easley is critically ill and grave hopes are felt for his recovery. He is father of Mayor M. C. Smith of Pickens.

Married by J. B. Newbery at his residence, May 5, 1918, Miss Minnie M. Hooper of Liberty, S. C., and Anderson P. Reece, of Camp Sevier, Greenville.

A unit of the local chapter of the Red Cross will be organized at Cross Roads on Sunday, May 19, just after preaching service. Everybody invited to be present.

W. E. Henderson died Monday at the county poor house, where he had been an inmate for several years. He was an aged man and had been sick a long time with dropsy.

Mrs. Kate L. Cureton visited her daughter, Mrs. Gussie Squires, in Greenville last week. Mrs. Squires is spending this week with her mother here recuperating from a recent illness.

Hon. Wyatt Aiken, candidate for congress, was in Pickens last week looking over the situation. Mr. Aiken probably knows personally more people in this district than any other man, and is a good campaigner.

The Pickens Chapter U. D. C. will meet on Friday afternoon, May 10, at 5 o'clock, in the Red Cross Rooms. This will be an important meeting as officers will be elected and plans for the County Reunion on June 3d will be made.

Two stars were added to the service flag of Mr. and Mrs. Calvin Keith last week when their two sons, Oscar and Frank, left for naval service. The former has already served an enlistment; the latter has been a student at Clemson this year.

Among the soldiers visiting home folks here last week we noticed the following: Frank and Charlie Welborn of Camp Jackson, Wyatt Jennings, Dwight Attaway and Angus Aiken of Camp Sevier. There may have been others we did not see.

In the annual state high school track meet held in Columbia on April 26, Porter Military Academy of Charleston won first place. The Pickens school team failed to score a point. Carl Crane of Liberty won the trophy cup offered for the best individual athlete.

The first formal announcement as a candidate for Pickens county office this year is made in The Sentinel this week by J. Hovey Earle, who seeks election to the state senate. Mr. Earle is a son of Mr. and Mrs. J. W. Earle of near Pickens and is well known throughout the county. He is a graduate of Clemson College, is an efficient civil engineer and school teacher, having taught some of the best schools in this section, and is a young man of ability. See his announcement.

Henry D. Hendricks, son of James F. Hendricks of Pickens county, shot and fatally wounded P. B. Brooks, a merchant about five miles from Anderson, about ten days ago. Mr. Hendricks was a constable and went to collect some money from Mr. Brooks when the trouble arose which led to the killing. Mr. Hendricks claims self defense and is now under \$8,000 bond. He is a brother of Luther Hendricks, who was convicted in Pickens court several years ago of killing a Brock boy and who was recently pardoned by Gov. Manning.

Craig-Rush Pays The Freight.

PICKENS CHAPTER RED CROSS NOTES

An Appeal to The Patriotic Women of Pickens

The Director of Women's Work and the Supervisor of Surgical Dressings of the Pickens County Chapter, A. R. C., earnestly request that all the women of Pickens who are interested in this great World Conflict will give evidence of their interest by giving a small portion of their time to the Red Cross in the making of surgical dressings.

The war has come more closely home to us now than ever before, for at this very time many of the boys of our own county and state are on the firing line, while hundreds of others are on their way over. They are giving their lives—will you not volunteer for service in the Red Cross Rooms?

It makes no difference whether you are a member, or whether you have taken the course in surgical dressings, for your assistance is needed in many lines.

All surgical dressings for the government are now made by the Red Cross, and the Pickens County Chapter is allotted its share along with all others.

Will the women of Pickens allow this appeal to go unheeded?

The Pickens County Chapter A. R. C. welcomes a splendid new auxiliary to be known as the Nine Forks, with Mr. J. A. Robinson as Chairman and Miss Lydia Hooker Secretary.

Mrs. F. M. Cassell died at her home in the Pickens Mill village Monday night after a long illness, aged 68 years. She is survived by her husband and one son. Burial services were held at Secona church Tuesday afternoon.

Freeman Patterson was badly cut about the mouth and otherwise bruised Sunday afternoon when an automobile in which he was riding turned over. There were eleven passengers in the car which ran too near a ditch in trying to pass another vehicle going in the opposite direction. No others were badly hurt.

Help to Win the War

We can all help a little by raising our supplies at home. Pickens county helped last year and the results are here to show Pickens never had more of the necessities than now.

Our advice would be to try again for a bumper crop of supplies.

May we figure with you on your fertilizers?

Morris & Company.

Phone No. 36—Use It

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. The Eustachian Tube when the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which of an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

Craig Bros. Co.
Pickens

P. S. We also have International Stock Food in pails, 15c lb.

NO GOODS MADE IN GERMANY WILL BE SOLD IN THIS STORE

Any Nation's Character is the sum of its deeds. The individual industry and energy of Germany for nearly a half century have been devoted to laying a foundation of militarism and selfishness so commanding that they could conquer the entire civilized world, that all of its hills and valleys flowing with milk and honey should empty their wealth into the German coffers.

The highest life and glory of man is to live unto God, not to Germany. The concentrated source of happiness in this world comes from God, not from the lazy, luxurious, autocratic military forces who murder women and children. The goods you buy made in Germany maybe and quite likely are stained with the blood of innocent children. Little Belgium boys who have had a hand cut off by the ruthless sword of a despised German warrior are afterwards forced to work in Germany. Will you, dear reader, be the market for such goods and have the profits revert to the German moneyed interests and from them back into the army to prolong the war and continue their devilish work throughout the world? If you would twist that German bull's neck where it hurts, refuse absolutely and under all circumstances to buy anything made in Germany.

Every Thrift Stamp Taken by the People Is a Help

Every Thrift Stamp bought is worth its weight in gold right now to our country. The conflict is raging, our men are dying, thousands are daily made cripples for life by the German guns. Are we satisfied to sit at home and enjoy all the good things of this life while those who suffer for us have nothing? God forbid that we fail in our duty. If the cruel persecutors ever land on our free soil, our seed, time and harvest will be their time to gorge their German stomachs to their hearts' content, while we see our children starve that they may have a plenty. We will be forced to do the work and they get the benefit of our labors. They will plunder your homes, hang or otherwise kill your loved ones, burn our cities to the ground, that the policy of the crazy devils heading autocracy in Germany may have its way. If we do not buy bonds and stamps these terrible things will come true!
